33.	EPA-R6-2019-003591	Robert Winter		2/19/2019	EPA-R6 - Region 6	<p>1. Items requested: copies of all reports, field notes, photographs, emails, other documents and communications prepared or received by EPA personnel (and particularly Kent Sanborn) (herein, the "Documents");</p> <p>2. Subject matter: Investigation and remediation of a spill of produced fluids during a leak of an oil and gas production line owned by Warren American Oil Company that was reported to the EPA, Region 6 offices on or about April 6, 2016.</p> <p>3. Location of event: On the Johnstone Ranch, the leak occurred in the vicinity of the SW/4 of Section 10, Township 28N, Range 10E, Osage County, Oklahoma.</p> <p>4. Scope of request: We believe Mr. Sanborn and/or other EPA personnel visited the site several times over the course of the next several weeks to observe the initial spill site and subsequent remediation, so our request seeks all such documents generated as a result of those visits or other communications concerning the incident.</p> <p>5. A Touhy request for access to agency personnel was submitted to the EPA but denied. The matter is in litigation, scheduling deadlines are in place, and the requested Documents provide essential evidence concerning the incident.</p>
